

New York State Engineering Technology Association Scholarship Nomination Form

Criteria

Nominations must be submitted and signed by a faculty member or department chair. The three requirements for nomination will be that the candidate must be a student that is currently:

- Pursuing a technical degree and has demonstrated talent by proven scholastic ability in an area of technology.
- A member of a student club related to technology.
- Holding (or has held) a clearly defined leadership role in the student club or other campus service or student activity that is related to technology.

Limitations

- No more than one student may be nominated from each student club.
- Each institution may nominate no more than three candidates per year.
- Financial need of the student is not a basis for nomination.

Deadline

The nomination form on the next page must be completed and received by **March 1** for consideration at the Spring NYSETA conference of that year.

Award

Candidates that are selected by the NYSETA Scholarship Committee will be given a certificate along with a monetary award determined by the Committee. These will be given to the recipient via someone attending the Spring NYSETA conference who represents the school of the recipient. If no representative is present, the materials will be mailed to the person making the nomination.

Completed applications should be sent to: balke@corning-cc.edu OR
